

REIDZOO LICENSE AGREEMENT

Introduction

The ReIDZoo is a person re-identification model zoo consisted of 32 pre-trained models, which is mainly used for related scientific research of person re-identification. The models are trained by National Key Laboratory of Multispectral Information Intelligent Processing Technology, School of Artificial Intelligence and Automation, Huazhong University of Science and Technology (HUST). The ReIDZoo is released for researchers with free of charge.

Rules

1. **Redistribution:** The ReIDZoo, either entirely or partly, should not be further distributed, published, copied, or disseminated in any way or form without a prior approval from the creators (Jialong Zuo and Changxin Gao) of the model zoo, no matter for profitable use or not.
2. **Commercial Use:** The ReIDZoo, entirely, partly, or in any format derived thereof, is not allowed for commercial use without a prior approval from the creators.
3. **Modification:** The ReIDZoo, either entirely or partly, is not allowed to be modified without a prior approval from the creators.
4. **Acknowledgement:** The following paper or any of its upgraded versions should be cited in all documents and papers using the ReIDZoo for experiments:
Zuo, Jialong, et al. "Cross-video Identity Correlating for Person Re-identification Pre-training." NeurIPS 2024.
5. **Indemnification:** All persons using the ReIDZoo should agree to protect the privacy of all the subjects in it. The users should bear all responsibilities and consequences for any loss caused by the misuse.

Notes: Signatory must have the legal authority to sign licensing agreements on behalf of the Licensee with HUST. Licensee's legal staff should review the terms and conditions of this agreement and execute it. Agreements signed by individuals without this authority are not valid and will be discarded.
